## Project Overview

Describe the project background and explain the concept in detail.

## System Information

### Platforms:

What platforms will this app be created for? List the operating systems and devices.

### Development Language:

What development language will the app be coded in?

## Workflow

### Feature 1

Include a user journey diagram here. The user journey diagram should outline how a person will interact with the app from first opening the app until closing the app.

Enter a list of steps in detail here:

1. Step 1
2. Step 2
3. Step 3

Notes or other comments.

### Feature 2

Same as above if the app has multiple features.

## Screen-by-Screen Specifications

### Section 1

Describe section as needed.

#### Screen 1

*Include wireframe here*

Describe screen 1 functionality here.

#### Screen 2

*Include wireframe here*

Describe screen 2 functionality here.

### Section 2

Describe section as needed.

#### Screen 3

*Include wireframe here*

Describe screen 3 functionality here.
